OUR GOAL FOR 2024 IS TO REDUCE WASTE LANDFILL BY 20%

Everyone can do their bit by placing waste in the correct bins

Mixed Paper

Mixed Paper (GREY) – All non-laminated paper, waste and off cuts, newspapers, office stationery. Bins found in the staff cafes, upstairs office, Large Rubbish Direct bins in the production room and Paper Reclaim Yellow 1100lt Metal bins recycling area in the secure yard. **DO NOT** put contaminated food containers in the paper bins.

Food & Compostibles

Food and Compostables (GREEN) – Includes all food scraps including paper food wrap and paper towels. Bins found in the staff cafes, upstairs office, and recycling area in the secure yard.

Recyclable tins, plastic, glass

Recyclable tins, plastic, glass (YELLOW) – Glass bottles & jars, tins, drinks cans, empty aerosol cans, plastic bottles and food containers (only those 1, 2 or 5 recycle stamp). Bins found in the staff cafes, upstairs office, and recycling area in the secure yard. **ALL RECYCLABLE TAKEAWAY FOOD CONTAINERS MUST BE CLEANED (RINSED AND WASHED) BEFORE BEING PLACED IN THE RECYCLING BIN**

Ink & ink tins

Ink and Ink containers (ORANGE) – Ink and empty ink tins & cartridges from offset. Ink waste is to be scraped into the designated ink drum for collection by our ink supplier. Empty ink tins should be placed on the designated pallets in the pressroom and are recycled. Komori & CX102 ink canisters are placed in IBC containers in the recycling area in the secure yard and are returned to the supplier. **NO ink tins or containers should go to landfill.**

Shrinkwrap

Shrink wrap (CYAN) – mainly from packaging on deliveries to SCG. We get paid for recycling this plastic. All shrink wrap should be placed in the yellow PLASTICS cage in the recycling area in the secure yard. **DO NOT MIX consumer soft plastics with Shrink wrap.**

Wood and MDF

Wood and MDF (BROWN) – All waste wood and MDF can be placed in the red Waste Management Wood Skip in the recycling area in the secure yard. Reusable wooden pallets should be separated and returned to their suppliers.

Flattened Cardboard

Flattened Cardboard (NAVY) – all uncoated cardboard media offcuts and cardboard packaging must be flattened and placed in the yellow CARDBOARD cage in the recycling area in the secure yard.

Metal plates

Metal (PURPLE) – Aluminium plate bins are in offset area next to the offset presses. No other metal is to be placed in these bins. A 3m metal skip is in the recycling area in the secure yard for all other scarp metal.

Toners & cartridges

Office toners and cartridges (DARK GREEN) – Used office printer cartridges and toners to be recycled. The box in copier room in sales office holds them until we can fill a black bag. The cardboard packaging is to be put in the flatten cardboard bin. Full bags can be taken down to SFD press room and returned to Fujifilm along with the SFD cartridges.

Soft-plastic

Soft plastics (WHITE) – Postage bags, toilet rolls, hygiene wrapping, confectionery wrappers, shopping bags and anything plastic that can be scrunched up into a ball. Bins are in the staff cafes.

All E-waste

e-Waste/Recycling (Grey) – Any small device (battery operated or one with an electrical cord on it), CD-ROMs / DVDs, and Cables (power display or comms) and Batteries (any type). All e-Waste/Recycling is to go into the containers or on the pallet in the Warehouse Red-Tag area. Mobiles and Tablets can be given to the Sustainability Manager for specific recycling. Rechargeable Batteries are to be returned to reception for recharging. Dead single use batteries are to be placed in the marked container in the Red Tag area.

Polystyrene

Polystyrene (TURQUOISE) – all polystyrene packing can be put in the wool bags in the shelter in the recycling area in the secure yard.

Corflute

Corflute (BLUE) – all corflute offcuts can be put in the wool bags in the shelter in the recycling area in the secure yard.

Waste to landfill

Landfill waste (RED) – All non-recyclable items - laminated paper, contaminated plastic wrap, and other plastic waste are to be placed in the black rubbish direct bin in the recycling area in the secure yard.
